File Ref: A1004
Reporting Officer: Cherrie Campbell, Executive Officer Infrastructure
Date Report Prepared: 6 December 2021
Disclosure of Interest: No interest to disclose

Issue:

To consider the application of three dogs to be housed on a property in the Shire of Katanning subject to certain conditions.

Body/Background:

The Shire of Katanning *Dog Local Law 1986, as amended 1995* limits the number of dogs kept on any premises to two dogs over the age of three months and the young of those dogs under that age.

Judy Reilly resident of Katanning has requested that an exemption to keep three dogs be considered by Council in accordance with the provisions of section 26 of the *Dog Act 1976*, which allows a local government to consider and grant such an exemption to its local law.

Once a decision has been made by Council, any person who is aggrieved by conditions imposed by the decisions or the refusal of a local government to grant an exemption may appeal in writing to the State Administrative Tribunal for a review of the decision.

Officer's Comment:

Currently there is no provision in the *Dog Act 1976* allowing a local government to delegate authority to council officers regarding these matters, and all applications must be considered by the Council.

Statutory Environment:

Under Section 26 of the *Dog Act 1976*, Subsection (1) states that a local government may, by a local law under this Act-

- (a) *Limit the number of dogs that have reached 3 months of age that can be kept in premises in the local government's district:*

Date Report Prepared: 14 December 2021
Disclosure of Interest: No interest to disclose

Issue:

To select one of the artists from the 2 submissions received in order to complete the mural.

Body/Background:

Council has allocated \$20,000 funding from the Drought Communities Grant for the Katanning Art Prize Project

The project comprises the painting of a large-scale mural on the Style & Leaf building on Clive Street Katanning. The proposed site is positioned prominently at the entrance to the CBD and will add significantly to the existing murals which have become a tourist attraction, providing an art trail for visitors. Favoured features of Katanning's murals is localised subject matter, colour and professional execution.

The Katanning Art Prize project involved a competitive process with submissions invited from artists. Andrew Frazer has been engaged to source the artists, manage the submission process and the mural works on behalf of the Council. 5 submissions were received in October 2021 none of these were chosen.

The brief was rewritten to reflect council's feedback. 5 additional artists were approached to provide concepts, 2 artists made a submission, they were Jerome Davenport and Peter John Farmer Jr.

The artist chosen will be commissioned to complete the mural.

The mural is due to be completed by end of February 2021.

Officer's Comment:

The officer's recommendation is the submission is the Western Rosella by Peter John Farmer. This submission is bright and colourful and represents the colours of the land and people. If chosen I would suggest the background colours are changed to be more reflective on the local landscape such as the colours captured in many of the Carrolup Artists work.. The end result would create a welcoming entrance to town. The artist is an aboriginal man who parents are Albany and Gnowangerup.

10.3.2 Local Roads and Community Infrastructure Program Extension (Phase 3)

File Ref:	RD.RR.1
Reporting Officer:	Julian Murphy, Chief Executive Officer
Date Report Prepared:	15 December 2021
Disclosure of Interest:	No interest to disclose

Issue:

To consider priority projects for funding utilising the Local Roads and Community Infrastructure Program Extension (Phase 3) grant.

Body/Background:

The Shire of Katanning has received a further \$703,624 funding from the Commonwealth Government's Local Roads and Community Infrastructure Program Extension (Phase 3). Guidelines for the grant program were recently released and provide for spending on Local Roads and Community Facilities.

Local Roads Projects

Eligible Local Road Projects are projects that involve the construction or maintenance of roads managed by local governments. Local governments are encouraged to consider works that support improved road safety outcomes.

This could include projects involving any of the following associated with a road:

- traffic signs;
- traffic control equipment;
- street lighting equipment;
- a bridge or tunnel;
- a facility off the road used by heavy vehicles in connection with travel on the road (for example, a rest area or weigh station);
- facilities off the road that support the visitor economy; and
- road and sidewalk maintenance, where additional to normal capital works schedules.

Community Infrastructure Projects

Eligible Community Infrastructure Projects are projects that involve the construction, maintenance and/or improvements to council-owned assets (including natural assets) that are generally accessible to the public.

'Generally accessible to the public' means that the project, or the amenity provided by the project, is generally accessible to the public at large. Some areas are clearly publicly accessible as they are areas that are open to all members of the public such as parks, playgrounds, footpaths and roads.

Projects will also be considered generally publically accessible if they are in a location that is:

- generally publically accessible to the wider public undertaking a specific activity (for example council operated sporting fields); or
- generally publically accessible for a limited age group of the community as a whole i.e. a kindergarten building; or

- used for the provision of an essential service or community service, as determined by the Department, and the amenity of the asset is publicly accessible and benefits the community.

All projects whether carried out on council owned land, or another type of public land, must deliver benefits to the community, such as improved accessibility, visual amenity, and/or safety.

Examples of eligible works include:

- Closed Circuit TV (CCTV);
- bicycle and walking paths;
- painting or improvements to community facilities;
- repairing and replacing fencing;
- improved accessibility of community facilities and areas;
- landscaping improvements, such as tree planting and beautification of roundabouts;
- picnic shelters or barbeque facilities at community parks;
- community/public art associated with an Eligible Project (Eligible Funding Recipients will need to provide a clear description of the conceptual basis of the artwork);
- playgrounds and skate parks (including all ability playgrounds);
- noise and vibration mitigation measures; and
- off-road car parks (such as those at sporting grounds or parks).

Other Public Land

Projects that involve the construction, maintenance and/or improvements to state/territory and Crown owned land/assets, and Commonwealth owned land/assets, can also be eligible projects where the Council can confirm that they have the authority of the land or asset owner to undertake the project at the nominated site(s) and the site(s) are accessible to the public (including natural assets).

Funding Timeframes

This grant opened on 20 October 2021 and will close on 31 December 2023. The First Instalment of the Phase 3 Nominal Funding Allocation will be paid after the Eligible Funding Recipient's Work Schedule has been approved, and not before 3 January 2022.

Phase 3 – 'use it or lose it' principle

If:

- an Eligible Funding Recipient has not applied for the full amount of their Phase 3 Nominal Funding Allocation in a draft Work Schedule by 30 June 2022; or
- savings related to Eligible Projects have not been reallocated under an Eligible Funding Recipient's Phase 3 Nominal Funding Allocation before 30 June 2023, then;

the Australian Government has the right to not pay the amount of the Phase 3 Nominal Funding Allocation not applied for or reallocated by the Eligible Funding Recipient.

Officer's Comment:

Councillors considered the list of proposed projects at the November 2021 Council Forum when additional projects were added to the list and other sources of funding suggested.

The expansion of the existing CCTV network in the Katanning townsite has been identified as a priority by both Council and Katanning Police.

Footpaths linking residential areas to Piesse Park have been included for funding in the priorities list.

The following is a short list of proposed projects which may be considered for funding under the LRCI Extension (Phase 3):

Project	Details	Budget
CCTV	Town CCTV upgrades	\$ 150,000
Synnott Ave	Install new concrete footpath - Warren Rd to Braeside Rd	\$ 115,000
Clive St Footpath	Conroy St to Piesse St - replace concrete footpath (Southern side)	\$ 110,000
	Total	\$ 375,000

Financial Implications:

Allocation of \$375,000 of the total \$703,624 funding from the Commonwealth Government's Local Roads and Community Infrastructure Program Extension (Phase 3). The unallocated portion of the grant (\$328,624) will need to be allocated and included in the funding works schedule for approval prior to 30 June 2022 or Council risks losing the unallocated portion of the grant under the 'use it or lose it' principle.
