Refer to Note 17 for an explanation of the reasons for the variance.

This statement is to be read in conjunction with the accompanying Financial Statements and Notes.

### MONTHLY FINANCIAL REPORT FOR THE PERIOD ENDED 31 JULY 2022

## 10.2.2 BASIS OF PREPARATION

### **BASIS OF PREPARATION**

### REPORT PURPOSE

This report is prepared to meet the requirements of *Local Government (Financial Management) Regulations 1996*, *Regulation 34*. Note: The statements and accompanying notes are prepared based on all transactions recorded at the time of preparation and may vary due to transactions being processed for the reporting period after the date of preparation.

### BASIS OF ACCOUNTING

This statement comprises a special purpose financial report which has been prepared in accordance with Australian Accounting Standards (as they apply to local governments and not-for-profit entities) and Interpretations of the Australian Accounting Standards Board, and the *Local Government Act 1995* and accompanying regulations.

The Local Government (Financial Management) Regulations 1996 take precedence over Australian Accounting Standards. Regulation 16 prohibits a local government from recognising as assets Crown land that is a public thoroughfare, such as land under roads, and land not owned by but under the control or management of the local government, unless it is a golf course, showground, racecourse or recreational facility of State or regional significance. Consequently, some assets, including land under roads acquired on or after 1 July 2008, have not been recognised in this financial report. This is not in accordance with the requirements of AASB 1051 Land Under Roads paragraph 15 and AASB 116 Property, Plant and Equipment paragraph 7.

Accounting policies which have been adopted in the preparation of this financial report have been consistently applied unless stated otherwise. Except for cash flow and rate setting information, the report has been prepared on the accrual basis and is based on historical costs, modified, where applicable, by the measurement at fair value of selected non-current assets, financial assets and liabilities.

### PREPARATION TIMING AND REVIEW

Date prepared: All known transactions up to 14 September 2022

### SIGNIFICANT ACCOUNTING POLICES

### **CRITICAL ACCOUNTING ESTIMATES**

The preparation of a financial report in conformity with Australian Accounting Standards requires management to make judgements, estimates and assumptions that effect the application of policies and reported amounts of assets and liabilities, income and expenses. The estimates and associated assumptions are based on historical experience and various other factors that are believed to be reasonable under the circumstances; the results of which form the basis of making the judgements about carrying values of assets and liabilities that are not readily apparent from other sources. Actual results may differ from these estimates.

### THE LOCAL GOVERNMENT REPORTING ENTITY

All funds through which the Shire controls resources to carry on its functions have been included in the financial statements forming part of this financial report.

In the process of reporting on the local government as a single unit, all transactions and balances between those funds (for example, loans and transfers between funds) have been eliminated.

All monies held in the Trust Fund are excluded from the financial statements. A separate statement of those monies appears at Note 15 to these financial statements.

### **GOODS AND SERVICES TAX**

Revenues, expenses and assets are recognised net of the amount of GST, except where the amount of GST incurred is not recoverable from the Australian Taxation Office (ATO). Receivables and payables are stated inclusive of GST receivable or payable. The net amount of GST recoverable from, or payable to, the ATO is included with receivables or payables in the statement of financial position. Cash flows are presented on a gross basis. The GST components of cash flows arising from investing or financing activities which are recoverable from, or payable to, the ATO are presented as operating cash flows.

### **ROUNDING OFF FIGURES**

All figures shown in this statement are rounded to the nearest dollar.

#### CURRENT AND NON-CURRENT CLASSIFICATION

In the determination of whether an asset or liability is current or non-current, consideration is given to the time when each asset or liability is expected to be settled. Unless otherwise stated assets or liabilities are classified as current if expected to be settled within the next 12 months, being the Council's operational cycle.

### **KEY INFORMATION**

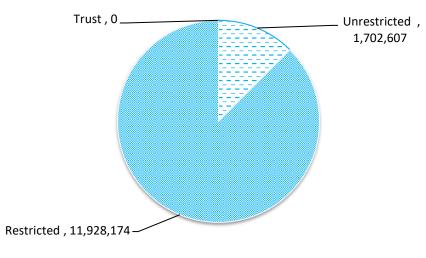

Cash and cash equivalents include cash on hand, cash at bank, deposits available on demand with banks and other short term highly liquid investments highly liquid investments with original maturities of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value and bank overdrafts. Bank overdrafts are reported as short term borrowings in current liabilities in the statement of net current assets.

The local government classifies financial assets at amortised cost if both of the following criteria are met:

- the asset is held within a business model whose objective is to collect the contractual cashflows, and

- the contractual terms give rise to cash flows that are solely payments of principal and interest.

Financial assets at amortised cost held with registered financial institutions are listed in this note other financial assets at amortised cost are provided in Note 4 - Other assets.

### **KEY INFORMATION**

Trade and other receivables include amounts due from ratepayers for unpaid rates and service charges and other amounts due from third parties for goods sold and services performed in the ordinary course of business. Receivables expected to be collected within 12 months of the end of the reporting period are classified as current assets. All other receivables are classified as non-current assets. Collectability of trade and other receivables is reviewed on an ongoing basis. Debts that are known to be uncollectible are written off when identified. An allowance for impairment of receivables is raised when there is objective evidence that they will not be collectible.

#### **KEY INFORMATION**

#### Inventory

Inventories are measured at the lower of cost and net realisable value. Net realisable value is the estimated selling price in the ordinary course of business less the estimated costs of completion and the estimated costs necessary to make the sale.

#### **Contract assets**

A contract asset is the right to consideration in exchange for goods or services the entity has transferred to a customer when that right is conditioned on something other than the passage of time.

#### **KEY INFORMATION**

Trade and other payables represent liabilities for goods and services provided to the Shire that are unpaid and arise when the Shire becomes obliged to make future payments in respect of the purchase of these goods and services. The amounts are unsecured, are recognised as a current liability and are normally paid within 30 days of recognition.

#### **KEY INFORMATION**

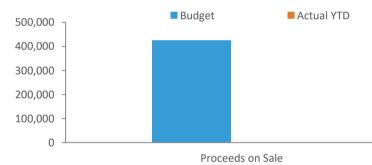

Prepaid rates are, until the taxable event for the rates has occurred, refundable at the request of the ratepayer. Rates received in advance give rise to a financial liability. On 1 July 2020 the prepaid rates were recognised as a financial asset and a related amount was recognised as a financial liability and no income was recognised. When the taxable event occurs the financial liability is extinguished and income recognised for the prepaid rates that have not been refunded.

#### SIGNIFICANT ACCOUNTING POLICIES

All assets are initially recognised at cost. Cost is determined as the fair value of the assets given as consideration plus costs incidental to the acquisition. For assets acquired at no cost or for nominal consideration, cost is determined as fair value at the date of acquisition. The cost of non-current assets constructed by the local government includes the cost of all materials used in the construction, direct labour on the project and an appropriate proportion of variable and fixed overhead. Certain asset classes may be revalued on a regular basis such that the carrying values are not materially different from fair value. Assets carried at fair value are to be revalued with sufficient regularity to ensure the carrying amount does not differ materially from that determined using fair value at reporting date.

#### **Unspent borrowings**

The Shire has no unspent debenture funds as at 30th June 2022, nor is it expected to have unspent funds as at 30th June 2023.

#### **KEY INFORMATION**

All loans and borrowings are initially recognised at the fair value of the consideration received less directly attributable transaction costs. After initial recognition, interest-bearing loans and borrowings are subsequently measured at amortised cost using the effective interest method. Fees paid on the establishment of loan facilities that are yield related are included as part of the carrying amount of the loans and borrowings.

#### **KEY INFORMATION**

At inception of a contract, the Shire assesses if the contract contains or is a lease. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. At the commencement date, a right of use asset is recognised at cost and lease liability at the present value of the lease payments that are not paid at that date. The lease payments are discounted using that date. The lease payments are discounted using the interest rate implicit in the lease, if that rate can be readily determined. If that rate cannot be readily determined, the Shire uses its incremental borrowing rate.

All contracts classified as short-term leases (i.e. a lease with a remaining term of 12 months or less) and leases of low value assets are recognised as an operating expense on a straight-line basis over the term of the lease.

A breakdown of contract liabilities and associated movements is provided on the following pages at Note 13

#### **KEY INFORMATION**

#### Provisions

Provisions are recognised when the Shire has a present legal or constructive obligation, as a result of past events, for which it is probable that an outflow of economic benefits will result and that outflow can be reliably measured.

Provisions are measured using the best estimate of the amounts required to settle the obligation at the end of the reporting period.

#### **Employee benefits**

#### Short-term employee benefits

Provision is made for the Shire's obligations for short-term employee benefits. Short-term employee benefits are benefits (other than termination benefits) that are expected to be settled wholly before 12 months after the end of the annual reporting period in which the employees render the related service, including wages, salaries and sick leave. Short-term employee benefits are measured at the (undiscounted) amounts expected to be paid when the obligation is settled.

The Shire's obligations for short-term employee benefits such as wages, salaries and sick leave are recognised as a part of current trade and other payables in the calculation of net current assets.

#### Other long-term employee benefits

The Shire's obligations for employees' annual leave and long service leave entitlements are recognised as provisions in the statement of financial position.

Long-term employee benefits are measured at the present value of the expected future payments to be made to employees. Expected future payments incorporate anticipated future wage and salary levels, durations of service and employee departures and are discounted at rates determined by reference to market yields at the end of the reporting period on government bonds that have maturity dates that approximate the terms of the obligations. Any remeasurements for changes in assumptions of obligations for other long-term employee benefits are recognised in profit or loss in the periods in which the changes occur. The Shire's obligations for long-term employee benefits are presented as non-current provisions in its statement of financial position, except where the Shire does not have an unconditional right to defer settlement for at least 12 months after the end of the reporting period, in which case the obligations are presented as current provisions.

#### **Contract liabilities**

An entity's obligation to transfer goods or services to a customer for which the entity has received consideration (or the amount is due) from the customer. Grants to acquire or construct recognisable non-financial assets to identified specifications be constructed to be controlled by the Shire are recognised as a liability until such time as the Shire satisfies its obligations under the agreement.

Hello,

Please find attached a letter 'Carols in the Park' asking for the Shire Councils support for the Carols in the Park (previously Carols by Candlelight) event, as well as supporting documents.

Thank you

Sarah Watson

On behalf of the Carols in the Park Committee

1/09/2022

Dear Mr Julian Murphy

#### Carols in the Park 10<sup>th</sup> December 2022

I'm writing to ask for financial support from the Shire Council for the Carol's in the Park event, which is being organised by the Katanning Baptist Church on behalf of the combined churches of Katanning. This application for this event has just been lodged and is still subject to approval.

The Carols by Candlelight community event has been going for many years; bringing joy to many people through song, festive spirit, and a Christmas message. The event was held on the Library lawn and then moved to the Town Square when that area was rejuvenated. In recent years we have had more people attend the event and noticed that the large crowd has outgrown the event space. We've had to close Clive St to allow safe space for the attendees and activities, and the choir and band have been tightly positioned on the stage.

This year we plan to hold the event at the Piesse Lake Amphitheatre on Saturday the 10<sup>th</sup> of December, which will provide plenty of space for attendees, a large stage for the choir and band and a lovely atmosphere. We are renaming the event 'Carols in the Park.'

We have always offered free family friendly activities before the carols service, and this year we plan to enhance the level and variety of activities to encourage many people from our community to attend. We plan to have family friendly events from 4-7pm, including an animal farm, inflatables (bouncy castle, slide and obstacle course), face painting, lawn games and a treasure hunt, as well as food vans (Gypsy Kitchen, Little Wheel Bar-O coffee van, Ice-creamery, KSHS P&C sausage sizzle and hopefully a couple more). We are also looking for some pre-carols music entertainment.

The Carols service will run from 7 - 8:30 pm. A choir and band will lead the singing and words and candles will be provided to the public so they can join in. There will be participation from many churches within Katanning, a children's choir and skit, a Karen choir, and a Christmas message. There will also be an opportunity for people to contribute pantry items to go to people in need in our community.

Until now the Carol's event has been funded through contributions from the Katanning Churches and individuals. The sound system has been provided and operated by members of the Katanning Baptist Church and Foursquare Church.

This year we would like to hire professional lighting and sound equipment and a technician to ensure a high production quality that everyone can enjoy.

With increased ambition comes increased costs, and as such, we would like to apply to the Shire of Katanning for funding support. We had thought to apply through the Community Grants Program, but realise the timing of this years event would not be covered in the current funding round.

Therefore we would like to apply to the Council for \$9119.99. A summary of costs is shown overleaf and quotes are included with this application.

| Items                | Cost      | Items                  | Cost      |
|----------------------|-----------|------------------------|-----------|
| Lighting and cabling | \$500.00  | Inflatables            |           |
| Sound                | \$1790.00 | Toxic Obstacle Course  | \$409.09  |
| Staging              | \$80.00   | Space Wars Slide       | \$409.09  |
| Drapes               | \$100.00  | Medium bouncy castle   | \$154.55  |
|                      |           | Operator               | \$756.32  |
|                      |           | Delivery fee           | \$500     |
|                      |           | GST                    | \$533.90  |
| Labour               | \$640.00  | Animal farm            | \$1320.00 |
| Sponsorship/discount | -\$622.96 | Candles (500 x \$2.40) | \$1200.00 |
| Security             | \$1350.00 |                        |           |

TOTAL \$9119.99

Please note, the combined churches will continue to contribute to this event financially and through volunteering. We will cover the printing of song books and letter drop leaflets and purchase supplies for children's activities. Volunteers will deliver the fliers, organise and run additional children's activities (lawn games, treasure hunt, face painting etc), provide water and a first aid station, provide the entertainment, band and choir, clean up and collate the pantry donations.

To continue to build this event and plan for the activities, we would also like to apply to the Shire Council to add the Carols in the Park Event to the annual Shire events which receive Community Funding. This would be to a value of \$15,000. Summary costs are shown below.

| Items   | Price         |
|---|---------------|
| Lighting and sound (as proposed this year       | \$3,110       |
| and without this years discount)                |               |
| Inflatables (as proposed this year)             | \$2,763       |
| Animal farm (\$1320.00) and/or camels           | Up to \$4,607 |
| (\$2880.00) or other family friendly activities |               |
| Candles (1000 x \$2.40) and glowsticks          | \$3170        |
| (1000 x \$0.77)                                 |               |
| Security (same as this year)                    | \$1350        |
| Total   | \$15,000      |

\* We have been in contact with a camel operator who could supply short camel rides to attendees and include the camels in the Nativity scene. They are not available this year but could add us to their calendar for next year.

We believe that the Carols in the Park Event is a great opportunity for the community of Katanning to come together and celebrate Christmas in a fun and inclusive manner. We are excited to coordinate this event and look forward to hearing if the Shire of Katanning can support us with this event.

The Carols in the Park committee welcome the opportunity to answer any questions.

I look forward to hearing from you and can be contacted on 0448 211 511 or via email <u>ashtansevy@bigpond.com</u>

Hi Tania,

We would love the opportunity to bring Macdonald's Travelling Farm to your event.

We bring: (*subject to availability*) 4 kid goats, 4 lambs, 6 bantam chickens, 2 ducks, 1 rabbit\* ,1 goose And either a calf, piglet, alpaca or miniature horse. (\**may not be available on very hot days*)

Old Macdonald's Farms specialise in a supervised large walk-in farm that is a fully interactive where the children can come in to pat, brush and handfeed our diverse range of farm animals.

We have a strong focus on our animal's wellbeing as well as education and fun for kids of all ages.

Our display is tailored for large scale events holding up to 30 people in the farm at any given time.

The price for the 3 hour Walk in visit will be: \$1200 + Gst=1320

- ★ Our animals are happy, healthy, clean and loved and undergo regular worming and vaccinations.
- ★ Our farm carry's full public liability insurance for \$20000000 and complies with all Department of Agriculture and RSPCA guidelines.
- ★ Our experienced and caring staff carry working with children cards
- ★ Our staff will arrive approximately 1 hour prior to set up and be ready for the start time.
- ★ We require drive on access wherever possible with flat ground roughly 7m X 11m to set up.
- ★ Our Vehicle remains with the farm unless other arrangements are made
- ★ Our Animals are happiest outside on grass however we can set up on pavement or even inside for an additional fee if notified when booking.

Please be aware that Council permission must be obtained for the farm to set up in a park. Please apply for this permit directly from your local council. We will provide you with a copy of our Public Liability Certificate upon confirmation.

Due to Public Liability Insurance regulations we are able to set up our Large tent on grass/dirt only (where we are able to secure it to the ground with pegs) otherwise we will provide a small shade canopy. We are happy to work with local councils to any meet any requirements they may have.

You can visit the national website at <u>www.oldmacdonalds.com.au</u> to view our set up or find us on Facebook Old Macdonald's Travelling Farm WA East and Old Macdonald's Travelling Farm WA South Franchise

Please reply at your soonest convenience with the attached booking form to secure this booking. Should you require any further information please do not hesitate to contact us on 0437789949 or via return email.

Kind regards, Old MacDonalds Farm

Hi Rhiannon

This is Tania Severin from the Katanning Baptist Church.

I look forward to receiving your quote for our Carols event on Saturday 10<sup>th</sup> December 2022.

Start time would likely be 4pm and end time 7pm. That is yet to be confirmed but it wouldn't be any less than that.

Regards
