Katanning 6317

Dear Council,

It has come to our notice that we are placing the staff & volunteers who assist in producing events at the Gallery in dangerous situations. This is due to the outdated and dangerous long platform ladder used to hang exhibit cables from the walls and attach lighting fixtures to the gallery roof.

A solution, in the form of an Elevated Work Platform, has been identified. The Cost of this device is \$8800 (incl. GST).

The Katanning Art Gallery Inc has voted to pledge \$5000 towards the purchase of a Genie GR 15 Mast lift Elevate Work Platform.

We understand that this will become a Shire asset and will be used in the Gallery and Town Hall, and other uses as the Shire sees fit.

W. Orl. Sauer President Katanning Art Gallery Inc.

A. H. ... Treasurer Katanning Art Gallery Inc.

Elevated Work Platform Purchase

The Genie GR-15

Due to the unsafe condition of the ladder used in the Katanning Shire's Gallery, an elevated work platform has been identified as an ideal replacement. This machine could also be used in the Town Hall to rig and focus the front-of-house lighting array, and it also has applications at the Katanning Leisure Center.

After much research, the model selected to fit the needs of the three venues is the Genie Roundabout GR-15.

This unit is self-propelled single person platform that will rise to a working height of 6.47 meters. At 975 kg (spread over four rubber wheels) it is unlikely to damage the gallery floor. A safety harness is included free of charge for work beyond 2 meters.

This unit is \$8000.00 plus gst. This is the best deal in Perth. There are cheaper models (such as the GS-1532) and makes for sale, but they are all in the Eastern States and cannot be examined directly (as this one has) and will cost around \$900.00 to \$1200.00 to ship to Katanning.

Also, the GS-1532 weighs in at 1.5 tons. This will almost certainly punch through the cable trench covers that crisscross the gallery floor. But as a scissor style lifter, they are usually around one to two thousand dollars cheaper. But with a lighter (and slightly more expensive) mast lifter, this is not the case.

Certification

An operator license is not required to use this style of platform. A Working at Height certificate is required for any work above 2 meters. This is a four-hour course with a cost of \$200.00 - \$300.00 in Jandakot, Perth

The Cost

Genie Roundabout GR-15 with Safety Harness	\$8000.00
<u>GST</u>	<u>\$800.00</u>
<i>Total</i>	<i>\$8800.00</i>
Katanning Drama Society gift	\$2000.00
<u>Katanning Art Center Inc. gift</u>	<u>\$5000.00</u>
<i>Total Gifted</i>	<i>\$7000.00</i>
Shire input	\$1800.00

Pickup

The Gallery Coordinator will drive to Canning Vale with a Shire Depot trailer and pick up the EWP, returning the same day.

Servicing

The EWP is usually serviced once every two years. This costs \$900.00 +gst including transport to Canning Vale, Perth by the servicer. The EWP will have a full service and clean shortly before pickup.

Features

STANDARD FEATURES

MEASUREMENTS

GR™-15

- 6.47 m (20 ft 8 in) working height
- 4.47 m (14 ft 8 in) platform height
- Up to 227 kg (500 lbs) lift capacity

GR™-20

- 8.07 m (25 ft 11 in) working height
- 6.07 m (19 ft 11 in) platform height
- Up to 159 kg (350 lbs) lift capacity

PRODUCTIVITY

- Extension platform with sliding midrail
- Work station tray (GR-15 only)
- Auxiliary platform lowering
- Low 0.39 m (15.5 in) platform entry height
- Patented rigid mast system
- Compact base 0.75 m x 1.35 m (29.5 x 53 in) (GR-15 only)
- Ground clearance 0.06 m (2.5 in) (stowed)
- Fully proportional lift and drive controls
- Battery charge indicator
- Onboard diagnostic system
- Tilt alarm
- Zero inside turning radius
- Dual wheel brakes
- Hydraulic brake release
- Pothole protection
- Hinged rear ABS covers for easy access to all major electrical and hydraulic components
- Tie down attachment points
- Overhead crane attachment point
- Large forklift pockets access
- Non-marking solid tyres
- Dual flashing beacons
- Motion alarm
- Automotive horn
- Descent alarm

POWER

- Automatic 25 amp battery charger
- 24 V (four 6 V 225 Ah batteries)

OPTIONS & ACCESSORIES

PRODUCTIVITY

- 0.51 m (20 in) extension platform with sliding midrail
- 0.51 m (20 in) extension platform with gate
- Stockpicker platform with dual side entry gates and adjustable tray
- Stock picker rear parcel tray (GR-15 only)
- Fluorescent tube caddy
- Stockpicker platform with dual side entry gates and adjustable tray

POWER OPTIONS

- 240 V power to platform

Councilors

Katanning Shire Council

P.O. Box 130

Katanning 6317

Dear Council,

Having become aware of Katanning Art Centre Inc's offer to pledge funds towards the purchase of an Elevated Work Platform, for use in both the Shire's Gallery and Town Hall, the Katanning Dramatic Society is committed in principle in contributing \$2000 toward this purchase. We will be formalising it at our next committee meeting.

By contributing to this purchase, we ask that we would have access to the use of this asset to change our lights on the lighting bars in the main hall, as and when required for our shows. This would allow us to then retire our old and dangerous ladder, which is currently used by both the drama club and shire staff in the main auditorium of the Town Hall.

We understand that this will become a Shire asset and will be used in the Gallery and Town Hall, and other uses as the Shire sees fit.

Yours sincerely

Lesley Balinski

President
