BINS WILL STILL BE COLLECTED ON PUBLIC HOLIDAYS

USING YOUR BINS

Place bins out by 6.00am
on the day of collection

Lids firmly closed

Handles facing towards
your property

0.5m apart

Within 1 metre from road

Tips:

Clean regularly.

Freeze smelly food before placing in your green bin.

Store bins in a shaded area.

YOUR RECYCLING BIN (YELLOW-TOPPED)

Items should be free from any food remnants, loose (**not in plastic bags**), and rinsed.

This includes:

- ✓ **All cans and tins;** including aerosols cans and tin foil.
- ✓ **All glass;** even broken glass.
- ✓ **All paper products;** including wax cartons and pizza boxes.
- ✓ **All plastic containers;** (empty) including salad dressing, tomato sauce, and condiment bottles.

Please remember:

- ✗ No building waste.
- ✗ No food or garden waste.
- ✗ No hazardous waste.
- ✗ No nappies.
- ✗ No silver-lined UHT drink cartons.

YOUR WASTE BIN (GREEN OR RED TOPPED)

✓ **All food scraps, organic waste, non-recyclable general waste, grass clippings, small prunings, nappies, clothing that can't be sent to charity and soft plastics (or deposited to Woolworths bins at counter)**

- ✗ **No batteries.**
- ✗ **No building, construction, and demolition materials;** no asbestos, bricks, concrete, rocks, sand, or soil.
- ✗ **No ceramics or glass;** all glass goes in your recycling bin (yellow topped).
- ✗ **No hazardous waste;** acids, bleaches and ammonia, cleaner, flammable liquids, garden chemical & poisons, gas cylinders, medicines, motor oils, paints, petrol, and pool chemicals.

Important Information for Verge Collections

PRINTER CARTRIDGES; For recycling: Cartridges 4 Planet Ark 1800 242 473.

WHOLE CAR BODIES; Please contact the Katanning tip prior to delivery.

Keep Pests Out!

Mice & Rodents

Snakes

*Prevention is the key!
Keeping your home free from
rodents, and in-turn snakes, is all
about prevention and exclusion.*

Clean Up! Clean up to eliminate rodent food and nesting sources:

- All trash should be throw out as soon as you can. Make sure your lids on your bins close fully or tight-fitting.
- Eliminate clutter by cutting and removing grass/weed overgrowth. * **Rodents like to make their homes in clutter***
- Elevate hay and woodpiles off the ground.
- Food from vegetable gardens and fruit trees should not remain on the ground.
- Keep compost bins as far away from the house as possible.
- Remove all old vehicles and tires.

Seal Up! Seal up common entrances into the home:

- Attics, basements, closets, crawl spaces, doors, fireplaces, kitchen cabinets, refrigerators, stoves, and windows.
- Cable, electrical, gas, and plumbing lines.
- Fix large holes with solid materials like cement and metal. These materials can be found at your local hardware stores.
- Fix small holes with steel wool.
- Sink holes and burrows outside your home should be covered by solidly packed dirt and monitored.

Trap Up! Trap up rodents to decrease their population:

- Choose an appropriate trap (snap and / or glue) and add bait to attract rodents.
- Poison is not recommended because rodents may die in the walls or under the floors preventing you from removing it.
- Set traps in any area where there is evidence of rodent activity.
- Suspect a rodent infestation? Call a professional pest management company.

FIGHT the BITE

Mosquitoes can breed around your home. They will lay their eggs in fresh or salty water, and often in containers that hold water. Common breeding sites include containers, gutters, old tyres, pet water bowls, ponds, pools that are not well maintained, pot plant drip trays, and rubbish.

Stop mosquitoes breeding around your home by following these simple steps:

- Clean out roof gutters to prevent water from pooling.
- Cover rainwater and septic tank openings, wells, or other large water containers with mosquito-proof mesh.
- Empty, clean, and refill bird baths, pet water bowls, and stock troughs at least once a week.
- Empty out or discard containers and rubbish that may hold water.
- Empty wading pools at the end of each day.
- Keep edges of ponds clear of vegetation.
- Keep swimming pools properly maintained and free of debris.
- Stock backyard ponds with fish to eat mosquito larvae.

Maintain swimming pools to stop mosquitoes breeding around your home.

Discarded tyres and other containers can hold water that mosquitoes breed in.

★ COVER UP. REPEL. CLEAN UP. ★

PROTECT YOURSELF AGAINST DISEASE-CARRYING MOSQUITOS

WEAR LONG,
LOOSE-FITTING,
CLOTHING.

USE INSECT
REPELLENT.

REMOVE THE
WATER THEY
BREED IN.

REFUSE SITE INFORMATION

Katanning Refuse Site

326 Nyabing Road, Katanning

Opening Hours

Wednesday to Sunday – 11:00am to 5:00pm
Monday, Tuesday, and All Public Holidays - Closed

Tip passes enable Shire of Katanning residents to dispose of certain wastes at the Katanning Refuse Site for free.

The passes can only be used:

By residents who pay for Shire waste services and are not transferable to any other persons, businesses or organisations. To dispose of the types and amounts of wastes specified and fees may still apply if you want to dispose of mixed or additional wastes.

If someone else occupies the property and these passes have been allocated to, you should give the passes to the occupant.

The Shire encourages you to **recycle** as much waste as possible before taking the rest to the Refuse Site e.g. if you have bikes, clothes, furniture, toys, or other items that are still in reasonable condition you may be able to sell or give them away using local buy and sell websites, or donate them to a charity shop.

For further information about the Katanning Refuse Site, including wastes that can be accepted at the facility, disposal fees that apply, and unacceptable wastes, please see www.katanning.wa.gov.au and select *Services > Waste & Recycling* or scan the QR code with your smartphone camera.
